

Debian Working Group

These resources are to be used only for our own collaboration on engagement with the Debian community, see the Collaboration section below for official Debian project resources.

Chat: #wg-debian-s390x

Mailing list: <https://lists.openmainframeproject.org/g/wg-debian-s390x/>

Collaboration

The Debian s390x team has a mailing list at: <https://lists.debian.org/debian-s390/> and their own port page at <https://www.debian.org/ports/s390/>

There is a #debian-s390x channel registered on irc.oftc.net, but it seems inactive.
